

BEN HUR MAKES FINE SHOWING, LATEST REPORT

Property at Randsburg Has Ore Exposed in Both Drifts On 200-Foot Level

Reports from Randsburg are to the effect that a wonderful mineral show is taking place on the Ben Hur divide property and that ruby silver is showing in liberal quantities in both the north and south drifts on the 200 level. During the past few feet of shaft sinking rich stringers of ore have been putting in their appearance, and it is expected that by the time the 300 level has been reached a commercial body of ore will be in evidence.

The Ben Hur property seems to have passed the prospect stage and can now be classed a real mine. Continued development promises to place it early among the substantial producers of the Randsburg district, and many Tonopahs will profit as a result thereof, as the company is financed largely by people of this district.

R. J. Kelly, the secretary, and Albert Kelly, who is heavily interested in the company, have been in San Francisco for the last week in the interests of the company, and wires received from them are to the effect that the price of stock gives promise of advancing rapidly in the near future.

John P. Manion received a wire this morning from Albert Kelly, who is in San Francisco, informing him that the shaft at a depth of 285 feet had cut the ledge, and that the Kelly and on the 200 level in both the north and south drifts had turned into ruby silver and black metal.

APPAREL FOR GIRLS AGREED UPON FINALLY

Business Women's League Will Stage Fashion Show in New York Sept. 18

NEW YORK, Sept. 14.—With a solemn warning to male designers of feminine finery that they "sit up and take notice," 500 Napoleonicettes of the commercial world, members of the Professional and Business Women's League, are preparing to stage a fashion show all their own at the Commodore Hotel Sept. 18 to 23.

Their purpose, they declare, is to point out to the business flapper the inequalities in her get-up; to bring about a closer affinity between beauty and the working girl, and, most important of all, to impress upon male architects of female fashions the imperative need for a standardized attire for business women only.

The business girl, instinctively trying to keep up with the fashions and at the same time look and feel practically dressed, has been guilty of some innocent atrocities, these fashion show promoters admit.

To lure the male designer has confined himself to thinking up novel effects for the "frivolous flapper, the delicious debutante, the society matron, glitzy girl, beach beauty, tennis devotee, Diana of the East and lassie of the miblick." Is the way they preambled their declaration of rights.

Torn between her desire to dress as well as any of these, and with no accredited pattern book to clip, there has been evolved a "business flapper" who, they say, "don't dress the way they do because they enjoy being the butt of humorists and cynics, but simply because they love beauty and want to express it in the only way they can—through their clothes."

"Because beauty which would fit their needs has never been assembled and offered them in concrete form, and because they haven't time or money to spend making beauty fit ideas, many of them have made mistakes," the league continues. "They have not yet learned that there may be both beauty and utility in garments if designs are right."

The desire to uplift anybody or anything is entirely lacking from the purpose of the style show sponsors. "Nothing is further from our purpose," asserted Mrs. Caroline Radner Lewis, advertising manager for a silk manufacturer, and Mrs. L. M. Russell, a magazine editor. "Business women of the country do not require uplifting; they have done and will continue to do this for themselves."

"The big thought back of our plan is to impress on designers and manufacturers the fact that a group of women who earn millions of dollars a year are worthy of more consideration at the hands of the style dictators than they have received in the past."

Of course, despite her difficulties,

GIBRALTAR IS COMING GREAT ORE PRODUCER

Funds Are Assured for Large Development and Construction of Mill

Samples of ore from the new mineral find on the Gibraltar property that have been placed on exhibition in the brokerage offices of R. Fred Brown have attracted a considerable amount of attention during the past couple of days. This ore is of a high grade and carries values of close to \$300 a ton in silver and gold. It was taken from the upper tunnel that is being driven on a vein that has a width of nearly 60 feet and the entire product can be handled profitably in the event that mill facilities are provided, as now promised.

The recent visit of M. S. Labbe and S. D. Bryan, the two New York brokers, was resultant of word for the New Gibraltar Silver Mining company, and ample funds are assured for the carrying of all plans to a successful termination. The visitors announced themselves as being more than satisfied with conditions at Gibraltar and will provide ample capital to prosecute an active campaign of development, and also for the construction of a modern milling plant at the seat of operations.

HELLENIC LIBRARY HOUSED AT ATHENS

ATHENS, Greece, Sept. 14.—The Greek national assembly has passed the bill expropriating a magnificent site on the slopes of Mount Lycabettus for the erection of the building for which the Carnegie corporation had appropriated the sum of \$200,000, which is to house the Gennadius library recently presented by Ioannes Gennadius to the American School of Classical Studies.

Speeches were made by the prime minister, who read the letter of Elihu Root, chairman of the trustees of the Carnegie corporation, announcing the grant and endorsing the purposes of the Gennadius foundation at an American school, and by several prominent deputies.

It is the consensus of opinion here by those who are acquainted with the Gennadius library, now in London, that it has no equal in the world as a library illustrating Hellenic civilization, and that the American school by its possession will occupy a unique position among the learned bodies of Europe.

"The American business woman is the best dressed woman on earth," they maintain. "But the business flapper is not really to be classed as a business woman, but rather one in the making."

After statesmen have tried everything else they give up in despair and do the sensible thing.

America's Ex-Service Men Best Treated of Any in World

Republican Administration Spends More for World War Veterans Than for Any Item Except the Public Debt.

C. S. REPRESENTATIVE CARL W. RIDDICK (MONTANA), MEMBER HOUSE COMMITTEE ON AGRICULTURE

In November, 1918, the people elected a Republican Congress. The first session of this newly elected Republican Congress began May 19, 1919. With it began practically all Federal aid for relief and assistance of those who served in the World War. An elaborate program was formulated providing for hospital and medical aid for all disabled and diseased ex-service men. The program included those suffering from mental diseases as a result of their war experience; also vocational training and rehabilitation; also financial adjustments for those engaged in such training; also compensation for men totally or partially disabled, and for their dependents; and for the dependents of those who died as a result of injury or disease contracted while in the service of their country.

There was expended to July 1, 1922, for the purpose of carrying out this program the sum of \$1,435,854,385. In addition an appropriation of \$423,283,842 has just been made by the Congress for the Veterans' Bureau for the coming fiscal year. This is a great and sympathetic aid made for any other purpose except in payment of the public debt.

Following the war the administration of relief for ex-service men was divided among several bureaus and this necessitated tremendous overhead expense, making up a disproportionate amount of money appropriated for aid of World War veterans, and it occasionally caused delay in handling ex-service men's cases and put them to unfair expense. To remedy these evils the Republican Congress passed a measure, combining all agencies dealing with ex-service men under the Veterans' Bureau. Following the war, hundreds of thousands of veterans permitted their insurance to lapse, largely because of the slippage of money in which their claims were handled under the Democratic administration. At the request of representatives of the ex-service men the Republican Congress made it possible for all ex-service men whose policies had lapsed to be reinstated at any time prior to March 1, 1923.

The hospitalization and medical treatment of ex-service men was found to be unsatisfactory and Congress transferred 39 hospitals to use of the

Veterans' Bureau. The number of beds in these hospitals taken over by the Veterans' Bureau is in excess of 25,000.

There were many ex-service men living in remote sections of the country who were not aware of the benefits they could receive and should be receiving from the government under the Veterans' Bureau. In order that no worthy ex-service man entitled to benefits of any kind might be neglected, the Veterans' Bureau conducted a drive in which over 175,000 ex-service men were interviewed and 110,000 new claims were filed and handled as a result.

As a result of this tremendous program of Federal aid to ex-service men all of which has been put into effect by the Republican Party and the money for which has been appropriated by a Republican Congress, the following summarization may be given:

- (1) Over 240,000 ex-service men have received hospital treatment; 39,000 ex-service men are now receiving treatment in hospitals; over 1,000,000 ex-service men have been called for examination in order to ascertain if they should receive hospital or medical treatment.
- (2) Over 150,000 ex-service men have entered vocational training and 150,000 more have been declared eligible for vocational training.
- (3) Compensation for disabled ex-service men or their dependents is being paid out at a rate in excess of \$1,000,000 in cash every day, including Sundays.
- (4) Over 50,000 medical examinations are being made free every month in order to ascertain the physical and mental treatments needed by afflicted ex-service men.
- (5) Over 1,000 new claims are being handled every day by the Veterans' Bureau and all work in that bureau is practically current and being conducted at a minimum loss of time and a minimum expense both to the government and to the ex-service man concerned.
- (6) An insurance business for over 600,000 ex-service men is being conducted by the government, without any cost of administration to ex-service men, at premium rates far below those private companies charge for like policies.

THIRD INSTALLMENT INCOME TAX IS DUE

The following statement is issued by Collector of Internal Revenue, Louis A. Speller of the district of Nevada.

"The third quarterly installment of the income tax for 1921 is due on or before midnight tomorrow, Sept. 15. Notices have been sent to taxpayers, but failure to receive notice does not relieve a taxpayer of his obligation to pay the tax on time. Failure to pay the installment renders the whole amount due and payable upon notice and demand from the collector."

The tax may be paid at the office of collector at Reno, Nev., or the following branch offices: Yerington, Ely, Winnemucca and Tonopah. Payment may be made by cash, money order or check. If made at a branch office payment should be by check or money order to avoid danger of loss in transmission to the office of the collector. Checks or money orders should be made out to order of "Collector of Internal Revenue, Reno, Nev."

NOTICE
Notice is hereby given that a special meeting of the stockholders of the Operator Divide Mining Company will be held at the office of the company in the State Bank and Trust Company Building, Tonopah, Nevada, on September 18th, 1922, at 11 o'clock a. m. of that day for the purpose of increasing the capitalization of the company 1,500,000 shares for treasury purposes.
By order of the board of directors.
THOMAS J. LYNCH,
Secretary.

MONTANA CAFE

WE state it as our honest belief that for the price asked, Chesterfield gives the greatest value in Turkish Blend cigarettes ever offered to smokers.

Liggett & Myers Tobacco Co.

So different is this cigarette that it is mild and yet it satisfies. Its mildness is the more unusual because of its satisfying body and flavor. "Knowing how" is everything in cigarette blending.

"They Satisfy"
